## International Conference on Fisheries Engineering 2019

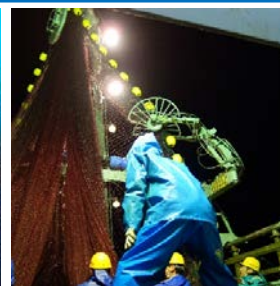

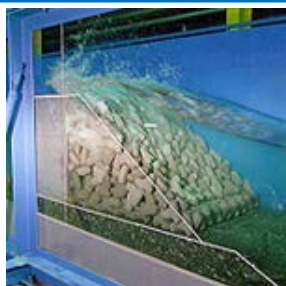

International Conference on Fisheries Engineering

# ICFE 2019

The Japanese Society of Fisheries Engineering  
Co-sponsored by Nagasaki University  
Endorsed by: Fisheries Agency of Japan, Nagasaki Prefecture,  
Nagasaki City, Japan Fisheries Cooperative Nagasaki and more

Realizing a Healthy Ecosystem and Sustainable Use of the Seas and Oceans

21-24 September 2019 Nagasaki Japan

Fisheries Engineering includes fisheries and environments associated with artificial reefs and seaweeds, construction of fishing ports, fishing boat and fishing gear engineering, resource survey technologies and information technologies relating to fisheries, which contribute to mitigating global scale issues such as climate change, food security and safety, and energy supply.

The Japanese Society of Fisheries Engineering will hold the international conference to review today's Fisheries Engineering research and discuss the future direction of research. ICFE2019 is also aimed at encouraging the future generations of young men and women in the field.

21 Sept (Sat)	Keynotes, Oral and poster presentations
22 Sept (Sun)	Oral and poster presentations
23 Sept (Mon)	Symposium "Marine Renewable Energy and Fisheries Engineering"
24 Sept (Tue)	Excursion to Fisheries Research Institutes and UNESCO World heritage sites in Nagasaki
