## Nagasaki University Logo

### Formal Logo

The formal logo was designed in 1949 to raise a sense of common bonds among university members and to provide moral support for them in developing as a university. A Dutch ship representing Nagasaki, the only door for the Western culture during the Period of Isolation, has the initial letters of Nagasaki University “N.U.” on its bow as well as the Chinese character “大學” meaning “university” at its right.

With its reorganization into a National University Corporation, the existing symbol mark was modified on April 1, 2005 to establish the formal university logo.

### Informal Logo

The informal logo was designed on April 1, 2005 for use in a variety of more casual occasions.

The yellow line in the center stands for “Students and Faculty”, while the green line on the right is for the “Land Area of Japan and Its Territory” with its rich natural environment. The blue line on the left represents the “Vast Sea with the International Community” surrounding the “Land Area of Japan and Its Territory”.

The points where the lines intersect show “Harmony and Contribution” among the areas, and the yellow circles are meant to express “Creativity”.

Seen as a whole, the yellow line for the “Students and Faculty” and the green line for the “Land Area of Japan and Its Territory” form the inverted Chinese character of “Person”, while the yellow line and the blue line for the “Vast Sea with the International Community” configure “Person” again. All together the lines shape the letter “N” for Nagasaki University.
