授業のねらい・内容・方法								
The aim of this course is to give learners opportunities to practice English communication about the topics that interest them. Ways to practice and develop English communication skills will be introduced and students will be expected to show that they are able to make progress individually. Developing fluency is the main goal of the class. Ways to practice reading, writing, listening and speaking will be introduced. Students will be expected to develop and maintain a self-study program that will reflect their English skill development progress.								
テキスト、教材等								
Students are required to buy a package of Graded Readers. Students will be asked to buy two 20-minute cassette tapes. The instructor will prepare Video/DVD clips and Handouts.
