授業のねらい/授業方法(学習指導法)/授業到達目標 授業のねらい: This course is designed to improve students' proficiency in listening and speaking English. Students will be acquainted with pronunciation patterns and listening strategies that will help to enhance their listening comprehension. Students will practice using appropriate language in different social contexts to express their views, learn to organize their thoughts through graphic organizers, and learn to take notes. Conversation strategies will be introduced to improve conversation skills. 授業方法: Written materials will be used to introduce vocabulary related to selected topics, as well as to prompt students' response. Audiovisual materials will provide listening practice and present language function tasks in appropriate contexts. Various activities including the use of drills, role play, information gap etc. will be incorporated to encourage students to communicate with one another. Self-study tasks focusing on the language functions practiced in class will be assigned. 授業到達目標: By the end of the course, students would be able to: <ul style="list-style-type: none">- demonstrate their understanding of dialogues and monologues presenting the target functions within the range of the topics covered by completing required activities;- express themselves by using correct language functions in different situations;- give a short presentation concerning a topic covered in class.			
授業内容(概要) / 授業内容(毎週毎の授業内容を含む) 授業内容(概要) The course content will cover stress and reduction patterns, listening strategies, dialogues presenting selected everyday communicative functions as well as monologues ranging from giving advice and instructions to presenting stories, lectures, and weather forecasts. Speaking exercises will focus on practicing the target language functions as well as on using confirmation and clarification skills.
